Hard-working college student pursuing a Bachelor's degree in computer science at Texas Tech University with an interest in data analytics, computer graphics, and cybersecurity. Proficient in programming languages such as C, Python, Java, and Assembly language. High attendance record, excellent communication, and problem-solving abilities with a passion for learning.

Education

Texas Tech University

Lubbock, Texas

Bachelor of Science in Computer Science

Anticipated graduation: December 2025

GPA: 3.4/4.0

Relevant coursework: Programming Principles, Data Structures, Discrete Mathematics, Object-Oriented Programming, Theory of Automata, Computer Organization and Assembly Language Programming, Computational Thinking with Data Science, Calculus, Technical Writing, Physics, Linear Algebra, Mathematical Statistics for Engineers and Statistics, Modern Digital Design

Academic Projects

Modern Digital Design

- Designed a four-way traffic light system using a breadboard, led lights, and jumper wires.
- I first collaborated with 2 other people to design a finite-state machine, k-maps, a state table, a transition table, and a circuit diagram.
- We then used trial and error to find a way to make the 4-way traffic light system that displayed green, yellow, and red lights turning on and off in a designated pattern to model a real-life traffic stop.

Additional Skills

- C++
- Python
- Assembly Language
- Machine Learning
- Java

Professional Experience

DSW Designer Shoe Warehouse

2021-Current

Frisco, TX

Sales Associate

- Boosted stores conversion rate by assisting customers with finding a particular product, or answering any questions they have about a product.
- Increased percentage of customers involved in DSW rewards program by explaining the perks of enrolling and helped customers set it up on their phone when asked to do so.
- Conducted smooth and quick transactions at the registers by checking customers out in a timely manner, while also meeting customer service expectations and ensuring error-free cash handling.
- Ensured a clean and clutter-free store by cleaning up any shoes or boxes that were left in aisles, as well as sanitizing the registers and vacuuming the store carpet nightly.
- Performed any extra duties as needed such as packaging orders, unloading truck shipments, and stocking shelves with more product.
